Subject: Please review: Draft NERT Order Treatment for SNWA Weir Construction
Attachments: 2016_Weir EECA Order draft NERT_NDEP_AG.DOCX

Hi Letitia,

Hope you had a wonderful time on vacation and welcome back!

Last week JD shared the draft order for treatment relating to the SNWA Weir Construction. It has been approved by the NVAG and NERT, and I told JD that I would like to be able to have you review it as well. NDEP would like to be able to finalize it asap, so would you be able to take a look at it this week and let me know if you had any comments?

Thanks,

Alison Fong

Alison,
I forgot she is out on vacation this week. That will work for us, as long as I can get this out next week.
Yes, the cost effectiveness will be a part of the EE/CA. NERT will be evaluating additional treatment options beyond IX.
Thanks,
JD

JD,

Thanks for the update on the draft order. During I review, I would also want Letitia to also be able to review it. Since she's on vacation returning next Tuesday 4/5, we should be able to get back to NDEP with comments that week.

A preliminary question: If you recall, EPA had comments on NDEP's draft SNWA letter that practicability and cost effectiveness, not just feasibility, is an important consideration in evaluating the efforts that should be taken to reduce perchlorate loading to the Wash during weir construction. We discussed at the pre-meeting this year and I think EPA and NDEP were in alignment about this. I wanted to confirm that NERT as part of the EE/CA will be evaluating treatment options (NERT's initial analysis indicates IX) and propose an option that reduces perchlorate loading to the Las Vegas Wash yet minimizes total project cost.

Subject: NERT Order

Alison,

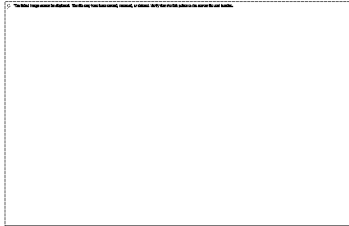

I have NVAG and NERT approval of the attached Draft NERT Order, I wanted to send it to you before I sent it out for any EPA comments or questions.

Jasmine spoke to NERT's attorney Lewis Thorson who confirmed that the NERT is requesting the friendly Order to make this more defensible to any DOD questions. That was my recollection. I am working on several things right now but will have a cover letter to go with this Order later today.

Please let me know if you have any questions or how much time you will need. I want to get this out ASAP.

Thanks,

JD
